EMSC DAY

Part of EMS Week

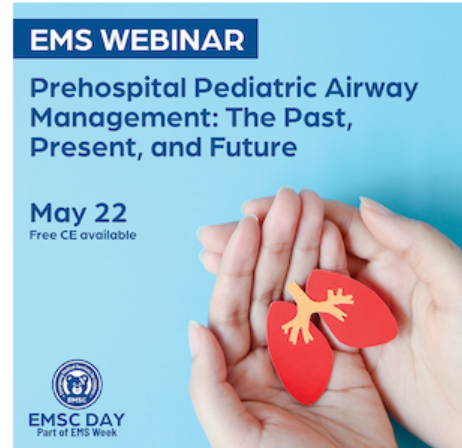

Join a free webinar

In celebration of the 2024 National EMS Week theme, "Honoring our Past, Forging our Future," the EMSC Program will host a webinar, "Prehospital Pediatric Airway Management: The Past, Present, and Future," May 22 from 5-6:30 pm ET. 1.5 hours of free CE will be available through Prodigy EMS (must participate in the live webinar to receive).

The session will cover historical milestones, current practices, and future advancements shaping pediatric airway management in EMS. Speakers will include:

- Marianne Gausche-Hill, MD, FACEP, FAAP, FAEMS
- Lorin R. Browne, DO
- Joelle Donofrio-Odmann, DO, FAAP, FACEP, FAEMS
- Henry E. Wang, MD, MS
